What we do

We offer a wide variety of services:

Assurance

We understand that every client is unique. Our assurance services are therefore customized for maximum value to the client. These services consist of:

- audit of financial statements
- operational audits
- audits of specific areas
- evaluation of internal controls
- evaluation of internal controls of specific accounts
- evaluations, design and implementation of internal controls
- internal control manuals.

Tax

Grant Thornton has created an International Tax Unit with the capacity to supply swift, solid analyses of all aspects of international taxation, allowing our clients to make correct, timely decisions when evaluating international projects. Our tax services encompass many areas, including:

- tax assessment
- tax planning
- permanent and annual tax consultation
- legal support for taxpayers
- tax consultation
- outsourcing to fulfill fiscal and legal obligations
- general advice on tax, tax exemptions, labour, commerce, customs, tax exempt free zones, draw-back services and foreign investment.

Advisory services

Research shows that all successful companies have solid operational procedures. That is the main reason why external advice is a basic requirement for the administration and management of companies in an increasingly complex business environment.

- design and set-up of financial planning systems
- corporate valuation
- evaluation, design and follow-up of administrative processes
- permanent financial and accounting
- consulting.

Other services

We try to provide our clients with all the necessary services to ensure that they have ample time to concentrate on their core activities and avoid bureaucracy, thus enabling cost goals to be better met.

- outsourcing (payroll administration, accounting, physical and inventory control, administrative process)
- human resources
- assistance provided for procuring financial resources
- external sources.
